

Gazette Telegrams Give Three Hours Later News Than Chicago Afternoon Papers Sold in Janesville

EVERY ONE IS WAITING

All the Preliminaries Have Now Been Attended To.

DEVELOPMENTS ARE EXPECTED IN A FEW DAYS.

Washington, June 13—Special—Everybody here is waiting for developments. It is admitted in official circles that something will happen before the close of the week. That something, of course, is the landing of the main body of the invading army in Cuba, and possibly a decisive battle with the Spanish forces. When the occurrences will take place is known to but few, and these will not tell. The scene of activity will doubtless be near Santiago, and its purpose will be the capture of that stronghold and the destruction of Cervera's fleet. There is an air of confidence at the war and navy departments that betokens a knowledge that there can be no miscarriage of the plans. The force sent to Santiago is adequate for any probable or possible emergency, and the orders are explicit except as to details, which are left to the discretion of the naval and military commanders on the spot, who will be held responsible for results.

The Press Censorship.

Washington, June 13—Special—The press censorship established at Key West and Tampa is absolutely inefficient, and excites the ridicule of newspaper men. It is an easy matter for a wide awake correspondent to get any dispatch he may desire over the wires, and the censor is the victim of many practical jokes. As a rule correspondents get no contraband information, for those who possess information worth telegraphing do not give it out until it is ripe for the public, while other classes of news is not worth transmitting. Legitimate agencies get all the news there is going just as they always did, and the "yellow journal" keep on manufacturing bogus dispatches the same as before. No attempt has been made to suppress any legitimate news as yet, nor is such an effort probable in the future.

A Base of Supplies.

Washington, June 13—Special—The fall of Guantanamo is regarded as of great importance by strategists. The season of cyclones in the Caribbean sea is at hand, and the fleet may require a harbor of refuge as well as a port in which necessary repairs can be made. Excepting Santiago Guantanamo is the best harbor for the purpose on the southern coast of Cuba. It may also be used as a base of supplies. A small force will be able to protect it from attack, and supplies for the fleet and for the army can be landed there without difficulty. It is probable that one or two of Sampson's vessels will remain in the harbor, while a detachment of regular troops will hold a position on the shore. No fears of the recapture of the place are entertained as the Spanish troops will be urgently required elsewhere.

The Fight at Guantanamo.

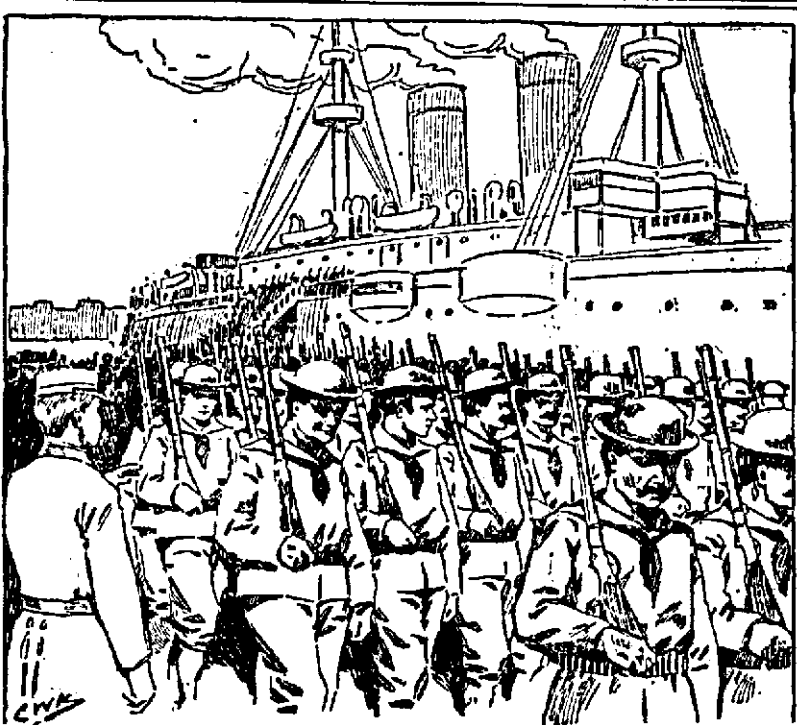

Mole St. Nicholas, Hayti, June 13—Special—It is believed here that the number of Americans killed in the battle at Guantanamo will not exceed four. There is little doubt that Lieut. Shaw and Neville and their command have been captured, and are now prisoners. The Spanish force was undoubtedly composed of irregulars, whose method of warfare partakes very much of the Cuban bush tactics. News is momentarily expected of another fight. The Marblehead has prepared for it with small rapid firing guns, and such measures have been taken that will make it a costly undertaking for any Spanish force.

Great Events Expected.

Washington, June 13—Special—Great events are scheduled for this week in the war program. The army will be landed on Cuban soil and the invasion of Porto Rico will be expedited. By the end of the week also the first detachment of troops will reach Dewey and an attack upon Manila may be at once ordered if the city has not already surrendered.

A Bogus Report.

Washington, June 13—Special—The navy department denies that it has received a cablegram from Ambassador Hay stating that Manila has surrendered. London authorities also deny that such a message has been sent.

OUR CITIZEN SAILORS, THE NAVAL RESERVES.

WILLIAM H. BURR'S BODY CREMATED

TAKEN FROM JANESVILLE TO MILWAUKEE.

Gradual Melting Away of the Corpse Under the Intense Heat—Witnessed by the Pall Bearers Through the Oven Window—A Convert to Cremation.

The remains of the late William H. Burr of this city, were cremated at the Forest Home cemetery, Milwaukee, at noon on Friday.

The funeral party, which left here on the 7 o'clock train Friday morning was in charge of Undertaker Frank D. Kimball. Arriving in Milwaukee at 9:30 o'clock the funeral procession at once left the depot for the cemetery, where services were held at the chapel, which is a beautiful little structure built of brown stone, stained glass, with white marble and mahogany wood finishings.

An Impressive Service.

The funeral party, which occupied five carriages, took seats in front, the coffin resting before the altar, on four brass columns, which stood about two feet from the floor and from which hung a handsome dark velvet curtain.

At conclusion of divine service the coffin slowly lowered itself by the automatic working of the brass columns, which gradually brought it to the basement of the chapel. The funeral party, with the exception of the pall bearers, then returned to this city.

The bearers walked to the basement and took the coffin to a well constructed and neat appearing room in the rear of the chapel, in which was located the retort or cremation oven. Superintendent Currier, of the crematory, then removed the glass, name plate, and handles of the coffin and then gained access to the "oven" by removing double iron doors and a steel slide which were located about two feet apart.

In the Retort.

The coffin and remains were then placed within, and although the oven was heated to a high temperature the atmosphere was as clear as the air about, and no heat whatever was felt by those outside. By the aid of a torch and the fire spraying of kerosene the inside of the oven was in an instant made a red hot furnace, and in one hour and sixteen minutes the remains and coffin were reduced to one long streak of snow white ashes, which when gathered up weighed six pounds. Aside from the ashes nothing but a few nails of the coffin were to be found.

The ashes are left for fifteen hours so as to allow the oven to cool. On an average three bodies are cremated there every week, and the number is fast increasing.

A Convert to Cremation

Frank D. Kimball, who as undertaker has interred as many bodies as any undertaker in this section, says that after witnessing that sight he favors cremation a thousand times to burial, and believes that the day is not far away when the majority of citizens will favor the same plan.

The cremating of the remains was witnessed by two brothers of the deceased and undertaker F. D. Kimball, who viewed the process from glass openings in the side.

The sight was an interesting and not sickly one, for the remains seemed not to burn, but to slowly vanish surrounded by a transparent flame which made no smoke.

The oven is three feet wide by three feet high and eight feet long. It required two quarts of kerosene to complete the cremation, the total cost for cremating being \$25.

This will be the best week for carrying your strawberries. We will have plenty of Ger. Kellogg's berries by the case. Rose & Vankirk.

Flour special Tuesday only at Sanborn's.

DEPOSITORS WANT ADDITIONAL CASH

EDGERTON BANK CASE AGAIN IN COURT.

Suit Is For the Recovery of Money That Depositors Claim They Still Have In There—Are Now Satisfied With a Twenty Per Cent Settlement.

The Bank of Edgerton case, which has been undisturbed for several weeks, was again brought forth in the circuit court of Rock county today in the entitled action of C. M. Gager et al. vs the Bank of Edgerton.

Along with the Bank of Edgerton as defendant may also be included all the stockholders and officers of the defunct bank, as well as all parties who owned any of the stock prior to the closing of the bank.

Butler & Olin, of Madison, and Nathaniel & Nolan, of this city, were on hand at the opening of the case this morning to represent the plaintiffs, while the defendants were looked after by Fethers, Jeffris, Elfield & Morat, Dunwiddle & Wheeler, and E. D. McGowan, all of this city.

Arguing the Case

Attorney Butler in behalf of the plaintiff, opened the arguments this morning upon the answers of the amended complaint to which the defendants, which number twenty or more, have nearly all made separate answers. Attorney John Olin closed the arguments, making a strong and brilliant plea on behalf of the plaintiff.

The plaintiff or depositors in the above entitled action are not satisfied with the 20 per cent. settlement that the bank has made, and what they are now trying to do is to have the court rule against the stockholders, compelling them to pay the remaining 80 per cent. or at least a portion of it, which would in itself amount to several thousand dollars. The plaintiff claim that the failure was due to negligence on the part of the bank officers, who allowed a misappropriation of the bank funds.

Say It Is Frivolous.

Attorneys Butler & Olin and Nathaniel & Nolan made a motion to strike out the present demurrer in the case as frivolous. Attorney Olin stated this noon that from investigation that had been carried on of late, it had been discovered that crooked work in the bank of Edgerton began to manifest itself as early as in 1881, which was but one year after it opened its doors for business, and before the present case is out of court such facts will have plenty of proof.

WEATHER FORECAST.

Chicago, June 11—[Special]—Forecast for Wisconsin: Occasional showers tonight and Tuesday.

DEATH OF PATRICK SENNETT

Well Known Citizen of the Town of Janesville Expires

Patrick Sennett, aged forty-one years, died last evening at 8:15 o'clock at his home in the town of Janesville. The cause of his death was congestion of the lungs his illness being but a week's duration. A wife and seven children are left to mourn the loss of a loving husband and father, who was esteemed by a large circle of friends. The funeral services will be held from St. Mary's church tomorrow morning at 10 o'clock.

"It is not so much how much you pay; it's what you get for what you spend that counts up largely in the end." Remember the above in choosing a wedding gift, and go to Hall, Sayles & Elfield, "the reliable jewelers." They have the right things at the right price.

McNAMARA sells hardware

THE ARMY IS AT SEA.

Shafter and His Soldiers on the Way to Cuba

GUANTANAMO TO BE USED AS BASE OF SUPPLIES.

Washington, June 14—Special—It is stated positively that Gen. Shafter's expedition is now enroute for Cuba. It is denied that the landing will be at Guantanamo, as that point is too far from Santiago and the roads between the two points are merely narrow mountain defiles over which it would be hazardous to conduct an army. The destination is doubtless Jaragua, where a small harbor exists which can be guarded by the Cubans on shore while the Americans effect a landing. It is thought that by Wednesday at least the entire expedition will be on Cuban soil.

The expedition comprises over fifteen thousand men and officers, all under command of Gen. Shafter. The troops were conveyed by a large force of warships. The entire expedition will unite at Dry Tortugas, and by sunset all will have left together for Cuba. Not the slightest fear is felt in official circles over an attack by Spanish vessels.

The Landing Army.

Washington June 13—Special—It is believed here this morning that seventeen thousand troops under Shafter left Key West last night or early this morning for Santiago. The number of conveying ships is placed at from sixteen to nineteen, headed by the battleship Indiana. It is expected that the troops will land at Santiago Thursday. The first point of attack, it is understood, will be Guantanamo, which will be the base of supplies and shelter for the American fleet. The movement on Guantanamo, however, will only be a diversion. The main attack is to be made on Santiago.

What Shall Be Done With Them.

Washington, June 13—Special—The occupation of Manila by the Philippine insurgents, acting in concert with Admiral Dewey, has caused fresh tribulation among officials here. It precipitates the issue of whether or not an American protectorate shall be established over the islands, or whether they shall be seized by this government. It is the purpose to postpone these questions till after the close of the war, but these are some phases of the situation in the Philippines that may require a speedy settlement, and this is what is causing great anxiety.

War Revenue Bill.

Washington, June 13—Special—The war revenue bill was signed by Speaker Reed and Vice President Hobart.

Washington, June 13—Special—Late this afternoon the president signed the war revenue bill.

The circular concerning the issue of war bonds was made public today. Subscriptions will be received at par beginning today. Bonds will be issued in denominations of \$20, \$100, \$500, \$1,000, \$5,000 and \$10,000. They will be dated August 1, 1898, and will be redeemable ten years after issue. Payment for bonds can be made at Washington, New York, Chicago, St. Louis, Philadelphia, Boston, New Orleans, San Francisco, Baltimore or Cincinnati.

Short of Provisions.

St. Thomas, W. I., June 13—Special—Porto Rican papers received here say provisions are very scarce at San Juan. The supply is barely sufficient for two months.

Goes to Honolulu.

Washington, June 13—Special—The navy department has decided to send the cruiser Philadelphia to Honolulu to remain there pending the settlement of the future of the islands.

Cruiser Aground.

Highland Light, Mass., June 13—Special—The cruiser San Francisco went aground in a fog this morning. It is expected she will get off with the tide.

Gone to Santiago.

Washington, June 13—Special—It is officially stated this morning that troops have left Key West for Santiago.

SUNDAY THEMES IN LOCAL PULPITS

REV. MR. HALL SPEAKS OF DANGERS IN THE BICYCLE.

Its Many Advantages May be Counterbalanced by the Harm It May Do—Rev. Mr. Denison on the Necessity of Becoming Childlike—Children's Services.

At Court street church a beautiful Children's day service was given at 12 m. by the Sunday school.

Mr. Hall spoke last evening on "Bicycle Dangers." The following is in part what he said: Bicycles riding is the very poetry of motion. Nothing is more smoothly beautiful. Watch a willow branch as it waves its green glory back and forth over the river's waters; observe the swallow skimming with trust flight, the very surface of the lake, or the deer as it bounds along with easy speed. In all these movements there is grace that is well nigh perfect. Even so in a group of bicycle riders as they speed by you. How almost noiselessly they go, and there is in it to the eye, if not to the ear, a beauty of rhythm that is truly exquisite. Again the bicycle makes for bodily development. It develops not alone the muscles of the lower limbs, but many muscles, and if used it enlarges the girth of the chest and the breathing capacity. Christian consecration means, make all you can of yourself spiritually, mentally, and also physically. The bicycle makes for larger health; people are all absorbed in their individual vocations. The grocer thinks of potatoes and cheese, the physician's mind is upon his patients, the lawyer's on his clients. The wheel says, come, I know where the river curves its silver width in scenes that are pictures. Come, I'll take you out where there is prospect, room and expansion. You speed along spilling your stores and offices as you go, and breathing in oxygen. How free you are. How you rejoice. You come back. You're waked up now. It's morning. You take hold of life with a grip. You mean it now. God gave you your bicycle. Surely he did. "All good giving and every perfect gift is from above, coming down from the Father of light." The materials out of which it is made, who created them and gave them their possibilities? God. The men who built it, who gave them mental power and manual skill? God. Who gave you the powers by which you master it? God. The power of gravitation, whose energy is that? God's. Don't forget when you get on your wheel next time, to thank God for it. If you don't you deserve that it should land you in the mud, or into a stone pile and bruise you into feeling. That is the only way some people can feel.

Mr. Hall next spoke of some of the dangers connected with the wheel. He spoke of danger to the health, when a man makes a letter S of himself. If he knows what he is doing, add a vowel sound and say he is making, not an S, but an S of himself. When the decline of life comes, that curvature of the spine, and pigeon breastedness, will tell against you. If indeed, it doesn't tell sooner. Job speaks of the body as "houses of clay, whose foundation is in the dust, which are crushed before the moth." Take care of your body, it is easily broken. Again, excess of exercise is bad.

A woman may lose that jewel, lustrous and rare, modesty. The masculine woman is not the sort men fall in love with and marry. There is danger that the wheel may lead the young man and woman into selfishness. "Bear ye one another's burdens, and so fulfil the law of Christ." Mr. Hall next spoke on Sabbath consecration, and said the Christian Sabbath, with its soul possibilities, is worth more than all the bicycle or bicycle pleasures of earth. He spoke, in conclusion, of the danger of picking up companionships, through the comradeship of the wheel, that will be harmful rather than helpful. Young women should be especially careful of the quality of the company they keep.

BECOMING AS CHILDREN.
Discourse of Rev. Mr. Denison at the Congregational Church.
At the Congregational church yesterday the pastor, Rev. R. O. Denison, spoke in brief as follows:
A prophet of the Old Testament who saw far beyond his own age said there should come a time when the fierce, the cruel, the brutal should be led by the harmless hand of a little child. Christ re-emphasized the truth when he said, "except ye repent and become as little children ye shall in no wise enter into the kingdom of heaven. Verily I say unto you whosoever shall not receive the kingdom of heaven as a little child shall not enter therein."

The child is father to the man, sings Wordsworth. Childhood makes manhood. Christ and the prophet utter a phase of the same truth in saying that the man may learn of the child, that the proudest distinction of all life

above honor, success, wealth, membership in the kingdom of heaven comes to him who is of a childlike spirit.

Now my sermon to you this morning was to have been on how this is true that we must be like children in order to enter the kingdom of God. One mark of the child is inquisitiveness.

The first look on the baby face is one of wonder. Oh, mysterious, wonderful world, what art thou? The watch is placed at the baby's ear, and there is the look of the philosopher's query on the face—the spirit sounding into the causes of things. The father and mother on the street or at home hear the child's constant question: Why is this? Why is that? How does it happen? The work of real childhood is inquiry.

And well do we know that this is the law of progress? To whom does the answer come but to him who knocks? To whom do the rocks tell their secrets but to him who patiently questions them? Who is it to whom the sky and hills will show their beauty but to him who in love sits for patient hours and searches their faces with adoring inquiring eyes? And to whom shall the secrets and the beauties of the eternal world be revealed? Who will know the mind of God? Not to the man who never questions that eternal world, whose other cares crowd out the inquiry concerning God—who may enter the kingdom, but the man, who in the tangled paths of life, in the midst of the crisis of trade, where roads meet, is asking his own soul and God where is the way into the kingdom?

The resulting service was devoted to children's exercises.

CHILDREN'S EXERCISES.
Interesting Services at the Presbyterian Church.

At the Presbyterian church yesterday morning Children's day was observed with appropriate exercises by the Sunday school at 10:30 a.m. The subject was "Glad Hallelujahs." The songs and recitations by the primary class under the charge of Miss Matella Oakline were very interesting. At the close of the program came the graduation of a class of seventeen boys and girls from the primary department.

Before the primary exercises the rite of baptism was administered by the pastor. Special music was rendered by the choir, and the church was tastefully decorated with flowers.

The evening sermon by Rev. Mr. Pence was on the subject, "The Biblical Meaning of Blessed."

CONTEST IS NOT VERY EXCITING
WISCONSIN REPUBLICANS NOT WORRYING OVER OUTLOOK
Probability of a Late Convention—No Noteworthy Opposition to Gov. Scofield's Renomination—Candidates for Minor Offices Are Not Numerous—The State Chairmanship.

Writing from Milwaukee to the Chicago Times-Herald George P. Matthes has this to say relative to the political outlook in Wisconsin as seen from his point of view:

The republican state central committee will meet at the Pilster Hotel next Wednesday to fix a date for the state convention. Some of the party leaders want it held as soon as possible, while others say the first of October is soon enough. It is probable the committee will decide on a date which is a compromise between the long and short campaign adherents.

Under the law the convention cannot be called to meet within sixty days of the meeting of the state committee. This renders it certain that the convention will not be held before the middle of August. The indications point most strongly to a date somewhere between Aug. 30 and Sept. 10.

For a Short Campaign
Those who are in favor of a short campaign—and this is a large class—say six weeks is enough time in which to present all there is to say on either side.

Those who wish a longer campaign claim it will take the state committee at least three weeks and perhaps a month to get in touch with the party organizations throughout the state, and if the convention is held the latter part of August it will be Oct. 1, before the speaking campaign can be inaugurated.

Both sides admit the war will affect the campaign, though to what degree, or how, there are few who would be willing to venture a guess. At one time it looked as though there would be little interest shown in the fall election so long as the war was on, but the indications of late seem to show that, in spite of the war, politics will get to the front and the campaign be about as lively as any of previous years.

Scattered in Town.
If the pointers coming from different parts of the state are worth anything, they indicate different opposition in the party powers that be at the present time. This means there is no aggressive opposition which proposes to make a fight in the convention.

What form this opposition will take or how strong it will be cannot be predicted at present. It seems now as if the heavy artillery is being directed in the direction of Governor Scofield, with a view to preventing his renomination. It is doubtful, however, if it will result in anything more than a waste of ammunition so far as the governor is concerned.

The governor has made mistakes—even he is willing to admit that—but they are mistakes, as a rule, which he has shared with the majority of his party, and therefore he can hardly be held responsible on that score. While there will probably be no nomination by acclamation in the convention, the odds are ten to one that the governor will be re-nominated with a good majority.

Fight for Minor Offices.
The remainder of the ticket is fighting ground, and the indications point to an attack all along this line by the opposition, with a view to getting as many of the state offices as possible.

Those who are out gunning for this sort of game are, as a rule, among those who favor a long campaign. They say that after the ticket is nominated the candidates ought to be allowed several weeks for preparation before the campaign really opens. Still, the office seekers are in the minority, and their views will have little effect on the decisions of the state committee.

Another question that will come up before the committee is that of the election of a temporary chairman. The committee has gone thus far without any new chairman, Chairman Ooe holding on for the time being, so it seems unlikely that any action will be taken on the matter.

Out For State Chairmanship
There are three candidates for the temporary chairmanship—Messrs. Treat, of Monroe, Edwards, of La Crosse, and Ferguson, of Brandon. Mr. Treat is an avowed candidate for the permanent chairmanship when the state convention is held. The chances are that he may succeed in his ambition. Still, the probabilities are that Mr. Treat, even if he could secure the temporary chairmanship, would rather wait for the state convention than to run the risk of the mortification which would follow the selection of some one else at the convention. Messrs. Ferguson and Edwards, so far as known, are candidates only for the temporary chairmanship, in case it is decided to select one.

John M. Ewing, the secretary of the committee, who now holds a position in the navy department in Washington, is in the city to attend the meeting of the committee. He will hold on until his successor is elected by the new committee, which will be chosen by the state convention. In the meantime Chris Paulus is acting as assistant secretary, and the work of the committee is going on as well as it could should new temporary officers be chosen at the coming meeting.

QUALIFICATIONS OF DRUGGISTS
State Board of Pharmacy Will Pass Upon Them This Week.

E. B. Helms, as a member of the state board of pharmacy, will be in Madison on Wednesday, to attend an examination of candidates as to their ability to mix drugs. The board will also hold a session at the Park hotel. A class of forty or more candidates for druggists' licenses is expected.

Friends of Co. A. Attention
A patriotic entertainment and dance will be given at the Armory Wednesday night, for our boys now at the front. Smith's orchestra furnishes the music. Tickets 50 cents; extra ladies 25 cents. Auspices of W. H. Sargent W. R. C.

HOSPITAL OFFERED TO CITY

If the Corporation Will Pay the Debt It May Have the Institution.

A meeting of the stockholders of the Palmer Memorial hospital was held on Saturday evening at the municipal court room. At a brief discussion it was unanimously decided to tender the hospital to the city provided the corporation would pay the indebtedness, about \$1,800, and agree to maintain it as a public hospital in the future. The council will consider the proposition tomorrow evening. If the city shall refuse the gift the property will be sold, the debts of the association paid, and the hospital abandoned. The cost of maintaining the institution does not exceed \$700 a year, a burden the city could well afford to assume, the directors think, in view of the benefits the public derive from it. The matter will be further considered at a meeting to be held on Wednesday evening.

The mosquito song is pretty from the outside of the screen door. We sell mosquito screens. D. K. Jeffris, North River street.

No half way business. Everything goes. We don't confine your choice to one window full of shoes at one price but give you a whole store of the choicest makes of American factories for \$2.98. Brown Bros.

Our \$2.98 offer is a broad one. It includes every pair of shoes in the store; we don't reserve anything. You can walk into our store and pick out \$3, \$3.50, \$4, \$4.50 or \$5 shoes and take them away for \$2.98. Brown Bros.

Wisconsin buggies are held in high repute throughout the state. They should be the favorite vehicle of Rock county people. They being a home product and at the same time as good if not better than any buggies on the market, and the price asked is greatly in their favor. Taylor sells Wisconsin buggies.

OUTDOOR BAND CONCERTS

3. The Stars and Stripes Forever..... Sousa
4. Morning, Noon and Night.....Suppe
5. Warriors' March.....Barnhouse
6. Jolly Blacksmiths.....Rollinson
7. Constellation March.....Clark

THE DUTY OF MOTHERS.

Daughters Should be Carefully Guided in Early Womanhood.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

The following letter from Miss MARY F. JOHNSON, Centralia, Pa., shows what neglect will do, and tells how Mrs. Pinkham helped her:

"My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I was also troubled with irregularity of menses. I was very weak, and lost so much flesh that my friends became alarmed. My mother, who is a firm believer in my remedies from experience, thought perhaps they might benefit me, and wrote you for advice. I followed the advice you gave, and used Lydia E. Pinkham's Vegetable Compound and Liver Pills as you directed, and am now as well as I ever was. I have gained flesh and have a good color. I am completely cured of irregularity."

J.M. BOSTWICK & SONS.

THE BIG STORE 20, 22, 24, 26, 28, S. MAIN ST., JANESVILLE, WIS.

WE KEEP THE CLOSET UP TO DATE

A Style

For Every Figure.

A Price for Every Purse

OPERATIONS OF THE CRACKER TRUST

JANESVILLE FACTORY MAY BE AFFECTED BY IT.

The Combination Controls the Market in Nearly All the Commercial Centers—Makes a Greater Variety of Goods Than Any Single Concern.

There is a chance of a fight between the cracker trust and the Janesville factory soon to be in operation on the race. Representatives of the trust have been watching the progress closely and are fully informed as to what the Janesville project embraces. It has been announced that there will be no cutting of prices, but this the trust think is very doubtful. Said a representative of the trust people to a Gazette reporter:

"We are in the field with 180 varieties of crackers. The new concern, of course, cannot put any such number as this before the trade, and will find it difficult to compete in workmanship and general appearance. In order to offset the advantages possessed by the older houses the Janesville company will be very likely to drop below the market figure. In that case there will be a very lively time. If no cut is made the trust will not pay any attention to the new concern."

"Cracker prices are fairly remunerative at present prices, and yet the trust seems to be no great degree of success attained by any of the firms outside of the trust mills. There is only one new trust establishment in Chicago, that being about the same size as the Janesville factory is to be. All of the Milwaukee factories belong to the combination, and so do the LaCrosse and Watertown factories."

Very Low Rates to San Francisco, Via the Northwestern line. Excursion tickets will be sold at greatly reduced rates June 28 and 29. Limited to return until August 31, inclusive, account of meeting of North American Turners' union. Apply to agents Chicago & Northwestern R'y.

Excursion Tickets to the Omaha Exposition.

Via the Northwestern Line will be sold daily, beginning June 1, limits of tickets providing for longer or shorter sojourn, according to rate. This exhibition will be well worth seeing. For further information apply to agents Chicago & Northwestern railway.

BASEBALL REPORT.

Standing of the Clubs Composing the Various Leagues.

Chicago took a tumble yesterday. As a result fifth place is surrendered to New York, which did not play. Pittsburgh defeated Cleveland, succeeding in pulling off a Sunday game in the Ohio town. The Pirates are now almost even with Chicago. Louisville squeezed out a game from Cincinnati. The latter team and Cleveland are neck and neck for the lead. Standing of the clubs:

Third Fleet for Gen. Merritt. San Francisco, June 13.—So far as is now known, the third Manila fleet will consist entirely of the Para, Ohio, Indiana, Victoria, Olympia, Arizona and possibly the City of Puebla. The steamship Peru is the next Pacific mail vessel due from China. She is an American ship and may be taken for a transport. The City of Rio de Janeiro and the Alameda are also likely to be chartered or impressed into service when they arrive from across the Pacific. Seven batteries of light artillery will go to Manila if present plans are carried out.

Are Not Alarmed. Mobile, Ala., June 13.—The announcement that there are seven cases of yellow fever at Mollenry, Miss., has caused precautionary quarantine to be established by Mobile and New Orleans, but in neither city where boards of health are awaiting complete investigation, is there anything like the alarm which the outbreak of last year produced on its inception at Ocean Springs.

Rainy Season at Key West. Key West Fla., June 13.—The wet season has set in here. Last night there were showers, and today every one seems invigorated and refreshed. This morning advices from Cuba are that the health of the blockaders remains most satisfactory. In four hospitals there are, all told, only forty-eight cases. Of these but one is serious, but not dangerous.

KARL'S Clover Root Tea is a pleasant laxative. Regulates the bowels, purifies the blood. Clears the complexion. Easy to make and pleasant to take. 25 cents. People's Drug Co.

The Great Exposition at Omaha—Low Excursion Rates.

The Trans-Mississippi Exposition at Omaha opens June 1, and closes November 1. For the opening day the Chicago, Milwaukee & St. Paul Railway will sell round trip excursion tickets at half fare on May 31, good for return until and including June 6. Aside from above rate and date ordinary excursion tickets at a fare and a third for the round trip and good for 30 days will be on sale from June 1 to October 30, 1898. Special rates for military companies and for bands carrying their instruments.

S. E. Parker, Sugarco, Wis., writes:

"I have tried DeWitt's Witch Hazel salve for itching piles and it always stops them in two minutes. I consider DeWitt's Witch Hazel Salve the greatest pile cure on the market." People's Drug Store.

Excursion Tickets to Annual State Turn Test, Sheboygan.

Via the North-Western line will be sold June 24 and 25, limited to June 28. Apply to agents Chicago & Northwestern R'y.

Late to bed and early to rise, prepares a man for his home in the skies. Early to bed and a Little Early Riser, the pill that makes life longer and better and wiser. People's Drug Store.

Portugal Remains Neutral.

Lisbon, June 13.—Whatever may be the anti-American feeling among the people the government has remained loyal neutral. At the outbreak of war Spain made tempting proposals to secure friendly support, but the Portuguese ministers wisely refrained from accepting them.

It's astonishing how news will spread. From every ward and street we hear of our people talking about the workings of the Little Conqueror.

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Afton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys, and if I brought a strain on my back by lifting the result was a bad case of backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the Janesville Co's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge, and is for just such complaints as I suffered from that I can recommend Doan's Kidney Pills." Doan's Kidney Pills are for sale by all dealers. Price, 50 cents. Mailed by Foster-McIlburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

A Mile In 1 Minute.

46 3-5 Seconds.

Harry Sidwell, a Cincinnati amateur racing man, rode a mile in the above time last year on a Wolf-American wheel. He also lowered several world's track records. The Wolf is easily ahead of all other bicycles. See the '98 model.

THIS DAY IN HISTORY.

1752—Frances Butney, later Mrs. D'Arbly, born; died 1840.
1756—Winfield Scott, general, born near Petersburg, Va.; died 1866. General Scott carried in his veins the blood of a hero of Culloden. He enlisted in a troop of horse while at college. Soon after that he was appointed captain in the regular army and turned his attention to military science. In the war of 1812 Scott distinguished himself for bravery. His command at that time was a brigade, but congress promoted him to major general. In the Mexican war Scott was general in chief.
1765—Thomas Arnold of Rugby school, father of Matthew, born at Cowes, Isle of Wight; died 1842.
1804—Rev. E. C. Robinson, professor in the University of Chicago and formerly president of Brown university, died in Boston; born 1815.
1825—Senor Zorilla, a noted Spanish republican leader, died at Madrid; born 1831.
1897—Attempt upon the life of President Faure of France.

NAVAL PRIZE MONEY

The American sailor has won quite a sum of prize money since the war began. The system under which it will be divided is described by H. W. Coon, an authority on international law, as follows:

"Vessels and their cargoes captured as prizes must be sent into a port for an adjudication in a prize court. If condemned, the property is sold by the United States marshal and the proceeds, when the capture was by a vessel or vessels of the navy, disposed of."

If the prize was of equal or superior force to the vessel or vessels making capture, the whole of the net proceeds will be decreed to the captors, and when of inferior force, one-half will be decreed to the United States and the other half to the captors.

"The prize money adjudged to captors is distributed in the following proportions:

1. "The commander of a fleet, or squadron, one-twentieth part of all the prize money awarded to any vessel or vessels under his immediate command."

2. "To the commander of a division of a fleet or squadron, a sum equal to one-fiftieth of any prize money awarded to a vessel of the division under his command, to be paid from the moiety due to the United States, if there be such moiety; if not, from the amount awarded the captors."

3. "To the fleet-captain, one-hundredth part of all prize money awarded to any vessel of the fleet in which he is serving, in which case he will share in proportion to his pay, with the other officers and men on board such vessel."

4. "To the commander of a single vessel, one-tenth of all the prize-money awarded to the vessel."

5. "After the foregoing deductions, the residue is distributed among all others doing duty on board, and borne upon the books of the ship, in proportion to their respective rates of pay."

"All vessels of the navy within signal distance of the vessel making the capture, and in such condition as to be able to render effective aid if required, will share in the prize. Any person temporarily absent from his vessel may share in the captures made during his absence. The prize court determines what vessels shall share in a prize, and also whether the prize was superior or inferior to the vessel or vessels making the capture."

"The share of prize money awarded to the United States is set apart forever as a fund for the payment of pensions to naval officers, seamen and marines entitled to pensions."

"Privateers do not come within the above provisions, but are entitled to prize money under laws relating to themselves."

Only a few years ago England had a world wide monopoly in shipbuilding, but protection has changed all of that. The British government has closed a contract with the Messrs. Cramp for two battleships of 12,000 tons, with a speed of 16 knots, and mounting the heaviest batteries carried by vessels of their displacement. The armaments, it is understood, will also be supplied by American firms.

SUMMER BUSINESS BOOMING

Hotels at the Lakes Are Entertaining Many Visitors These Days.

Al. Vincent, the Lake Koshkonong hotel proprietor, was in the city today and reports a boom in the summer re-

sort business. At his place yesterday he reports thirty-two guests, many of whom drove up from this city. Other hotels along the lake had a busy day of it, and Koshkonong promises to be a favorite resort this summer.

AN ORNAMENT TO MAIN STREET

Mrs. Carlson's New Building Will Shortly Be In Process of Erection.

Contracts have been let by Mrs. Charles Carlson for the rebuilding of her North Main street property adjoining the Helmsstreet drug store. The plans, drawn by a Chicago architect, called for a Bedford stone front of handsome design. There will be a big show window with a single sheet of polished plate. The store entrance will be on one side and the stairway to the second floor on the other. The second floor will be divided into a front and rear flat. The contract for the work is in the hands of John W. Peters and George K. Colling.

Preserving Time.

The best part of the strawberry crop comes in the first picking which will be this week. Of course prices may be a little better later on and there will be a great plenty of berries but the quality will be no better if as good as will be found in the fruit gathered this week. We can supply you with any amount of the choicest home-grown berries. Send in your order. Sanborn & Co.

INCREASE OF EXPORTS.

Fiscal Year of 1898 Helps the Farmer More Than Any Previous One.

Washington, June 13.—The farmers of the United States are drawing upon other parts of the world for more money in the fiscal year which ends with this month than in any preceding year in the history of the country. Even the high-water mark of 1892, when our exports of agricultural products amounted to \$799,328,232, will be surpassed by the record of the year which closes with this month. The preliminary reports of May exportations which have reached the bureau of statistics make it quite apparent that the agricultural exports of the year will be considerably in excess of \$800,000,000, the total for the year being likely to reach \$835,000,000. Compared with the last fiscal year the increase in exports of agricultural products will be fully \$150,000,000.

One Thousand Killed in Africa.

Liverpool, June 13.—Steamers which have arrived here from Sierra Leone, Africa, report that a thousand persons were killed in the recent uprising in that district. One hundred and twenty inhabitants of Freetown, most of them traders, are known to have been massacred, and other colonists were carried into the bush by the "war boys" and undoubtedly met the same fate. Three hundred friendly natives were killed, and beside the white missionaries six colored missionaries of the United brethren of Christ were murdered at Manohbargu. The English missionaries are at the mercy of the "war boys," but have not been molested.

Rush to Build a Great Canal.

Washington, June 13.—The current issue of the publication by the office of naval intelligence presents a detailed account of an immense canal about to be undertaken by Russia, which will connect the Black and Baltic seas, and will enable her to concentrate her fleets at either end in less than seven days. The canal's entire length will be 1,080 miles, but by using rivers the artificial construction will extend only 125 miles. The cost of the entire construction is estimated at \$97,000,000, and its completion is to follow within four years.

War Threatened in Transvaal. London, June 13.—The Cape Town correspondent of the Daily Mail says: "War between the Transvaal and Swaziland may break out at any moment. The Swazi king has 20,000 warriors, well armed and drilled, and there is much anxiety in the Transvaal."

Holmes Is Still Afloat.

London, June 13.—The following cablegram has been received here: "Holmes and the seven prisoners have nothing new. He and the prisoners are in receipt of all the cablegrams."

"GENERAL LINARES."

Cruiser Yankee Is at Lower. Lewes, Del., June 13.—The auxiliary cruiser Yankee is anchored at the Delaware breakwater. The object of her visit is not known.

Hardly a thing in the notion line but what we save you a little money on. Let us prove it to you by selling you your small wares.

BORT, BAILEY & CO.

CITY OF MANILA IS TAKEN.

Ambassador Hay Receives the News.

GOVERNMENT NOT NOTIFIED.

While the information is credited at Washington, the Government has received no official confirmation—Pope Leo Offers to Aid Spain.

Washington, June 13.—The state department has received a cablegram from Ambassador Hay saying: "Advices from Hong Kong state that Manila has surrendered."

No details are given, and the state department does not know whether the surrender was to Admiral Dewey or to the insurgents.

It is believed that Captain General Augusti, forced to yield to the activity of the insurgents, has put himself and the Spaniards in Manila under the protection of Admiral Dewey.

It is surmised that Ambassador Hay obtained his information from dispatches to the British foreign office. These would take precedence of all others over the cable from Hong Kong. For this reason the report of the surrender of Manila is considered authentic.

A copy of Ambassador Hay's dispatch was sent to the white house and the news greatly pleased the president. An official report from Admiral Dewey is expected in a few hours.

CLAIMS A SHARE.

Paper in Berlin Proposes a Grab in the Philippine Islands.

Berlin, June 13.—The future of the Philippines is rapidly becoming the foremost foreign question. Many of the papers assume that Germany has a locus standi and extravagant schemes are advanced.

One of these appears in the Deutsche Tageszeitung, which is one of the most anti-American newspapers in Germany. It advocates joint action with the United States on the part of Germany. In a long article it argues that Admiral Diederich, commanding the German forces in Chinese waters, has 2,500 men at his disposal, which, it holds, proves that the government is ready for an emergency. It says that Aguinaldo, the leader of the Philippine insurgents, will be unable to restrain his hordes from murder and incendiarism. The Spaniards will be the first victims, then the other Europeans.

The government being no longer in the hands of a civilized power, nothing, the paper says, prevents Germany from taking one or more points permanently to protect German interests and to be utilized as coaling stations.

Continuing, the paper says that nobody can deny that the islands are without an owner. Spain has lost them, and America has not won them yet. The Americans will be compelled to oust the insurgents, and, as Admiral Dewey's forces are small, America could not do better than to negotiate with Germany with a view to common action to this end.

"Our independent action," it further says, "would not constitute a breach of neutrality, as neither power is actually in possession of the Philippines."

In a State of Insurrection.

Madrid, June 13.—A dispatch to the Correspondencia de Espana says that the whole province of Manila outside the capital is in a state of insurrection. It adds that an excellent spirit is prevailing in Manila, where nothing has occurred since the sending of Captain General Augusti's last dispatch to Madrid. The land defenses have been strengthened, and it is believed here that forts have been newly built and that the troops will successfully resist the rebels. There are enough provisions on hand to last for two months. It is believed that Admiral Dewey will not attack the city from the sea until he is re-enforced.

Thinks Difficulties Must Arise.

London, June 13.—A dispatch from Vienna to the Daily Telegraph says that a high diplomat in conversation stated that difficulties must arise between America and Europe over the Philippines. He added that if Great Britain took sides with the United States on this subject the other powers engaged in East Asia would be second best.

The dispatch quotes from the Fremdenblatt, which says that the nearer approach of Great Britain and America must be reckoned with, whatever may be thought of the eventual possibility of a formal alliance between the two countries.

Pope Offers to Aid Spain.

Rome, June 13.—In consequence of the gravity of the situation in the Philippine Islands, the pope has telegraphed to Queen Regent Christina, placing his services at her disposal if she thinks the moment has arrived to invoke the intervention of the powers in favor of Spain. The queen regent, in reply, telegraphed thanking his holiness, and saying that at the opportune moment she should feel that his offer was very precious.

War Vessel Off Point Sur.

Tacoma, Wash., June 13.—A ledger dispatch from Victoria says the captain of the steamer Garonne, arriving Sunday, reports the sighting of a Spanish warship on Point Sur. It was suggested that it might have been the Montorey, but he said it was Spanish.

Trying to Protect Manila.

London, June 13.—A dispatch to the Daily Mail from Nagasaki, Japan, says: "I have trustworthy information that Germany is determined to prevent a bombardment of Manila."

Teachers to Meet in Omaha. Omaha, Neb., June 13.—The Trans-Mississippi educational convention, which will be held in Omaha three days, beginning June 23, will bring together men and women of high attainments in the educational world. Leading educators from the East and West have signified their intention to be present and take part in the five big general meetings and the conferences on special branches of knowledge.

Pennsylvania Town Burns.

Titusville, Pa., June 13.—The town of Spartansburg, fifteen miles north of here, is burning. Assistance has been asked from this place, and engines will leave on a special train at 3 o'clock. Communication by telegraph and telephone has been cut off, and all that is known here is that the business portion of the town is in ruins.

Nebraska Wheat in Good Shape.

Lincoln, Neb., June 13.—After a careful inquiry throughout the state, indications are that the recent great rainfall did much good and no harm. Some little corn will have to be replanted, but this is the extent of the damage. Wheat is of most extraordinary growth and of full size.

China Goes in for Education.

Peking, June 13.—An imperial edict has been issued ordering the establishment in Peking of a university on the European plan. High officials are commanded to consult immediately with the view to effecting the scheme.

Stop that cough. Take warning. It may lead to consumption. A 25c bottle of Shiloh's cure may save your life. For sale by People's Drug Co.

Mardi Gras in Milwaukee.

The low rates offered by all railroads and boat lines for the Milwaukee Carnival, June 27 to July 3, and the unprecedented attractions listed by the Carnival Association will make everybody wish to go. The carnival pageant of twenty floats illustrating the history of Wisconsin is claimed will be the most gorgeous affair of the kind ever witnessed in this country not excepting the wonderful Mardi-Gras pageants of New Orleans.

What Dr. A. E. Satter Says.

BUFFALO, N. Y., June 13.—From my personal knowledge, gained in observing the effect of your Shiloh's cure in cases of advanced consumption, I am prepared to say it is the most remarkable remedy that has ever been brought to my attention. It has certainly saved many from consumption. For sale by People's Drug Co.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion, strengthens the nerves. It is not a stimulant, but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1¢ as much as coffee. 10¢ and 25¢.

HELPS WHERE OTHERS FAIL

Blatz MALT-VIVINE

Averitable Klondike of concentrated malt nourishment for Nursing Mothers, whose weak nervous, over-taxed systems are incapable of producing pure nourishing milk for the babies. Mothers who drink it daily during Nursing period will always have excellent food for baby and enjoy good health themselves.

A NON-INTOXICANT. ALL DRUGGISTS.

"IRONING MADE EASY"

ELASTIC STARCH

A GREAT INVENTION
REQUIRES NO COOKING
MAKES COLLARS AND CUFFS STIFF AND NICE
AS WHEN FIRST BOUGHT NEW
PREPARED FOR LAUNDRY PURPOSES ONLY

ONE POUND OF THIS STARCH WILL GO AS FAR AS A POUND AND A HALF OF ANY OTHER STARCH.

MANUFACTURED ONLY BY
J. C. HUBINGER BROS. CO.
KEOKUK, IOWA, NEW HAVEN, CONN.
COPYRIGHTED

This starch is prepared on scientific principles by men who have had years of practical experience in fancy laundering. It restores old linen and summer dresses to their natural whiteness and imparts a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum or any other substance injurious to linen and can be used even for a baby powder.

For sale by all wholesale and retail grocers.

The Monkey Apes His Master

We originate the bargains and the little fellows try vainly to imitate them. We set the pace and the small fry try to fall into our tracks. Like the small boy who thinks if he wears his father's clothes he is as much of a man as his paternal ancestor, the little fellows try to mask under the mantle of their superiors.

We are the Originators of Low Shoe Prices
ON HIGH GRADE GOODS.

We inaugurated the one price (\$2.98) for choice
OF ANY SHOE IN THE HOUSE

We are the recognized bargain Shoe house of Southern Wisconsin; have always been and will always remain so. We have grown gray in Shoe experience, but we don't ask you to pay for these gray hairs. We know where to buy Shoes; what constitutes quality; what is necessary in Shoe making to secure the greatest wearing qualities, best styles, etc. There is not a stock in this vicinity that compares with this. The bargain offer for the entire month of June.

\$2.98=for choice of any Shoe in the stock=\$2.98

Was unheard of until we started it. Other sales and offers are mere pigmies in comparison. Keep your eye on the originators and always bear in mind the fact that we always do just as we advertise to do---no disappointment.
